Identify here any projects or programs you have done through your school or community that would suggest you have the ability to follow through on long-term commitments. You might include volunteer activities, church groups, sports teams, or school clubs that lasted at least one school year.

What skills or qualities do you have that would suggest that you would be a great participant in an advisory group that involves other youth and adults who are interested in challenging each other and a community to think well about lesbian, gay, bisexual, and transgender youth?

What experience have you had that could help a team improve their thinking about lesbian, gay, bisexual, and transgender youth?

What are goals you want to accomplish in the coming year and how would involvement with Diverse and Resilient help you to reach them?

Is there anything else you'd like us to know as we consider your application as a youth advisor?

Identify your age range:

- Under 14
- 14 to 18
- 19 to 24
- 25 or over

Diverse and Resilient Youth Advisors generally meet twice per month for two hours and are given a stipend to support their involvement. Advisors assist in the direction of the Diverse and Resilient Youth Project by planning workshops, visiting youth groups, and evaluating outcomes. Youth advisors also work to develop their own leadership skills along the way. Visit our website at www.diverseandresilient.org.
